

Tundra Media

11747 Larkspur Dr. Parker CO 80134 (720) 495-0512

WHEN YOU NEED A PRODUCTION COMPANY THAT UNDERSTANDS THAT FAILURE IS NOT AN OPTION

Tundra Media is much more than an ordinary production company. Not only do we provide turnkey video production services, but unlike most other companies, we offer in house CG animation and visual effects capabilities; in fact, they're a few of our specialties. Of course, since we love challenges, we also provide quality services for logistically difficult and potentially dangerous environments, such as those associated with disasters or extreme environmental conditions.

As an award winning production company, the quality of our work and our dedication set us apart.

We utilize some of the top talent in the industry, and we work with most media formats. Our productions have included award winning documentaries, Public Service Announcements, long format training programs and national advertisements for cinema.

Company: BC Safety & Design, Inc.

Self Certified Small Business

All of our customers are important to us, but we are especially proud of our government associations, which have been the mainstay of our business. We have been involved in a variety of local, regional, national and international productions. We are also the production company behind the NIMS/ICS Pro Edition DVD training series, a program utilized by many local, state and federal agencies to teach their responders how to handle large scale emergencies. Some of our clients include the U.S. Secret Service, the U.S. Coast Guard, USDA Forest Service, agencies of the Department of Defense as well as many others.

For more information, give us a call. You may be surprised what we can do for you.
